## What is Opera GX\_

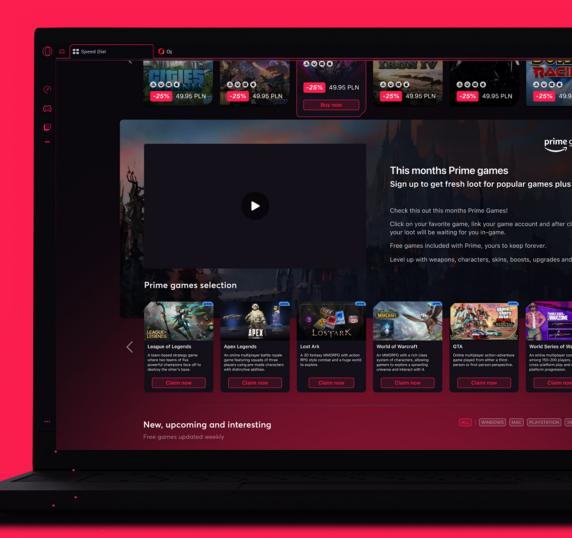

GX is much more than a browser to search for stuff. It's a revolutionary interface for a growing lifestyle.

Cherry picked content about gaming and entertainment

All that gamers interact with, in one ecosystem

A chameleon of a browser. Fully customizable experiences

Technical features for faster and smoother gaming

#### **CHERRY PICKED CONTENT/SECTIONS**

GX interface is home to various integrated gaming and entertainment sections-of-interest, featuring:

- Upcoming releases
- Events
- Trailers
- Offers and gaming perks
- Entertainment content / videos

- Games
- Stores
- Hot News
- Specials
- And more ...

#### **AN ALL-IN-ONE ECOSYSTEM**

GX also comes with popular messenger, streaming and social apps built in. Users stay entertained, talk to their friends, listen to music and engage with the community without leaving the browser.

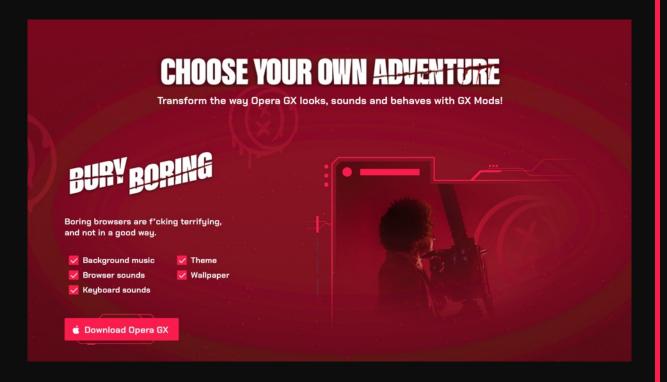

Tiktok, Facebook, X (Former twitter), Spotify, Discord, Twitch, Instagram, Chat GPT, and many more.

#### A CHAMELEON. CUSTOMIZABLE EXPERIENCES.

GX is the personalized window to the web for millions of users. Advanced customization possibilities let users interact with a fun interface that looks, sounds and behaves in genuinely unique ways.

For example, GX browser can be transformed into a new browser based on themes of licensed entertainment hits, films, sounds and unique moods (Preview GX Mods here).

#### **TECHNICAL FEATURES FOR BETTER GAMING**

GX has various technical solutions that gamers have been craving since the invention of fire. We will spare you the technical talk, but let's just say gamers even get to save precious miliseconds in a shooting game that means the world to them.

- RAM, CPU Limiters
- Network Limiters
- Built in VPN

- Forced dark modes
- Built-in Ad Blocker
- Many more...

# What's in it for entertainment partners\_
